## Newsletter

Year 2, volume 5

December 2016

**Dear friends,**

2016 has almost come to an end.

The sponsoring of our clothing for the board, by the Saasen Groep, has been greatly appreciated.

Revealing the information board by the 8th grade kids of OBS 't Hout provides a clear perspective on the involvement of the youth in Mierlo-Hout. Similar is the adoption by the 8th grade of the Oldulfus school for the season of 2016-2017.

September 22 was a very informative day for this group, with information provided in their class room and at the monument and with the ride in the old military vehicles to the English war cemetery in Mierlo. At this historical place, the children were informed about the role these soldiers played in liberating our area in September 1944.

In 2016 we managed to increase the attention for our foundation. Spreading the newsletter in both Dutch and English, helped us generate nice compliments for the foundation.

We have also participated on the latest OVMH-fair, we have received positive responses only. Especially because we care about preserving and cherishing the freedom we have since September 1944.

We are greatfull to the relatives of those that passed away, for donating flower arrangements and placing them at our monument. Thank you very much.

For more information related to the foundation and for an impression of the remembrance we had September 22, please visit our website: [www.hmmh.nl](http://www.hmmh.nl)
