

## PRIVACY STATEMENT

### Friends of Mierlo-Hout Memorial

The AVR (General Data Protection Regulation) came into force on 25 May 2018. This is an EU measure.

This regulation describes the security of private data within all authorities dealing with the storage of various personal data. Here one should think of, personal data, b. dates, addresses, e-mail details and bank details.

Because we are also in possession of this data, we are obliged to ask your permission to have this data under control.

We must also explain who within the board has access to these personal data.

- The secretary is in charge of the forms you have completed, which contain all your details.
- The secretary has saved all data supplied by you on an external hard disk / USB Stick.
- The secretary manages an overview of all participating persons within the framework of Friends of the HMMH Foundation
- The secretary has an overview of all e-mail addresses of participating persons.
- The treasurer has an overview of all participating persons, including the bank account number.

This information will be immediately deleted from the file if you indicate that you no longer wish to be a part of the Friends of the HMMH Foundation.

I hereby grant the "HMMH Foundation" permission to manage and store my data within the framework of Friends of the HMMH Foundation. I am aware of which persons have access to my data and it is known when my data will be deleted.

By confirming your agreement on the registration form, you grant the "Stichting Herdenkingsmonument Mierlo-Hout" permission to manage and store your data within the framework of Friends of the HMMH Foundation. It is known to you which persons have access to your data and it is known when your data will be deleted.
